

# Now Accepting Nominations!

GENESIS HEALTHCARE  
FOUNDATION

The Genesis Community Service Award is given each year to someone who has *significantly contributed to our community through voluntary service.*

The nominee does not need ties to Genesis, but should exemplify the *Genesis values of compassion, trust, innovation and excellence.* This award stresses voluntary activities and commitments over work or professional involvement.

Nominations may be submitted by completing the form here along with a statement outlining the nominee's volunteer community involvement.

The award will be presented in October during the Genesis Community Service Award and Donor Appreciation Dinner.
