

4 things to do before you choose a Medicare Advantage plan

Choosing a health insurance plan can feel confusing.
This checklist can help you get ready.

1. Talk to a trusted helper

You may want to talk with:

- Your trusted, local health insurance agent for a free consultation
- An Ohio Senior Health Insurance Information Program (OSHIIIP) counselor

2. Make a list of your doctors

Write down the doctors, clinics and hospitals you use most often.

My doctors: _____

3. Make a list of your medicines

Write down all your prescription medicines.

My medicines: _____

4. Know important dates

Medicare Annual Enrollment Period is Oct. 15 through Dec. 7 each year and then again in early 2027. This is when Medicare members can review and change plans if they choose.
